### DEAR CABLE OPERATOR:

"The Janet Sloane Aerobic Dancercize Program" is proving to be one of the most popular shows on the MSN schedule. Every weekday at 1 p.m. (EST), Janet leads a studio group and the viewing audience through a half-hour of aerobic dancing, the new fitness program that combines rhythmic exercise and music.

We at MSN have received more mail on this program than any other that we have broadcast. The series premiered in January, and in the first week alone, more than 600 viewers ordered Ms. Sloane's instruction booklet of "dancercizes."

To help you take advantage of the popularity of this program, which, like all MSN programming, is provided to you at no charge, there is a camera-ready ad slick for the series on the inside back cover of this guide. We encourage you to drop in your system's name, channel designation and local broadcast time, and use this slick in your marketing program. I think you will find that the program will draw subscribers.

Sincerely yours,

  
Jay Campbell  
Director
